2025/26

ANNUAL REPORT

DIAMOND VALLEY
community support

From the President

Lesley Daniels-King

It is my pleasure to present my first annual report as President of DVCS.

Over the past year our Committee, staff and dedicated volunteers, under the capable leadership of our Executive Officer, Jeff, have continued to provide a broad and valuable range of services to our community. Their commitment has enabled DVCS to remain financially viable while maintaining the quality and accessibility of our services during an increasingly challenging period.

Like many community organisations, DVCS continues to operate in a challenging funding environment. Through sound governance and careful management, we remain well positioned to continue supporting our community.

The generosity and ongoing support of businesses, service organisations, community groups and individuals has played an important role in supplementing our income. Equally valuable are the relationships and partnerships that have developed through this support, strengthening the foundations upon which DVCS continues to operate.

During the year, DVCS has continued to provide services to residents of Banyule and Nillumbik Councils, as well as people experiencing homelessness. The needs of our clients continue to increase in both complexity and urgency. Housing and food insecurity remain significant concerns, particularly for people who are already experiencing disadvantage and marginalisation. Our role in responding to these needs remains vital.

This work has been supported by both Councils, the Federal Government (via CISVic), a wide range of community and business organisations and individuals.

We also derive valuable income from our DVCS Op Shops (Diamond Creek and Macleod) and Markets.

While our financial position remains stable, this stability cannot be taken for granted. It requires ongoing monitoring, planning and adjustment to ensure DVCS remains viable and in a position to continue to provide these essential services.

Our staff and volunteers deserve our highest recognition. Their commitment is evident every day across our offices, op shops and markets, as well as through our many services. These include Hardship relief, Information and referral, Advocacy, Tax Help among others. They are provided to our clients with professionalism, respect and sensitivity.

I would particularly like to acknowledge Jeff for his steady hand and leadership during his time with us and it is with regret we accepted his resignation from DVCS. On behalf of the Committee, staff and volunteers, we sincerely thank Jeff for his outstanding contribution to DVCS over the past three years and wish him every success and enjoyment as he embarks on his 'second retirement'.

Finally, I extend my sincere thanks to everyone who has contributed to the continued success of DVCS throughout the year. Our ability to maintain a high level of service is a direct result of the commitment of our staff, volunteers, supporters and the Committee of Management.

> "I look forward to the year ahead and to continuing our work together to strengthen DVCS, to support our community and ensure the organisation remains sustainable for the future."

From the Executive officer

Jeff Hallyburton

2025/26 was a difficult year for so many in our community, but every person at DVCS should feel very proud for the collective good we provide, on a daily basis.

It still amazes me how the many “cogs and wheels” continue to turn in sync to deliver compassionate, timely and a broad array of services.

Emergency relief takes on many forms, but the foundations we are built on, demands it be in-person support. Lynne, Nadia and the team of volunteer community support workers listen to the story of each and every client who visits us and tailor a path of assistance to ensure when they leave us, they are better off. Their dedication and determination to provide a meaningful solution, has to be applauded. Statistically interviews were up on the previous year (14%) as were our food support through Alex Makes Meals, DV Foodshare and Carenet. We expanded our medical assistance support which now includes the Greensborough Plaza Chemist Warehouse, Thompson TerryWhite Chemmart Eltham and Gertz Pharmacy in Reservoir.

Advice and information is almost an infinite topic and the breadth and types of information and referrals we can assist with are regularly met with disbelief, but often followed by gratitude, when they realise their issue has a solution. During the year we significantly expanded our advocacy program with 224 clients, an increase of 238%, spending extended time (often multiple visits) completing applications and registrations for utility relief, personal grants, government services, telephone services etc. etc.

Our strategic goal:

To provide a high standard service for:

- Emergency relief
- Advice and information
- and Community engagement

From the Executive officer - Continued

Community engagement permeates throughout our organisation. From our Op shops to our Markets, from the community donations of products (organisations and individuals) to the partnerships we forge with so many community groups, the respect and rewards from working together are immeasurable

Our achievements of the past year included our coordination of both the Banyule Children's and Diamond Valley Gift Appeals, (a record 685 gift packs) the renewal of our funding agreements with DSS (via CISVic) for 5 years and Banyule City Council for 4 years, the return of our bigger and better KidsAssist program, securing the first Food Relief funding from Nillumbik Shire Council (commences in 2026/27) and our expanding partnership with the Greensborough Plaza.

This Annual Report is intended to showcase the great work of DVCS in 2025/26 and celebrate the contribution of everyone involved. To our staff, volunteers, students, community partners and supporters, thank you.

I wish you every success and more importantly, good health for the future.

Treasurer's report

The result for the year was a loss of $13,973.

Income was slightly higher than the previous year.

The annual grants from Banyule City Council and Department of Social Services (via CISVic) are the primary ongoing support, notwithstanding the DSS funding for the next 5 years has been reduced substantially. Our income from social enterprises remained steady with our Op Shops up 1% and our Markets business up 2%.

Donations and other income from community groups and individuals was, thankfully, much higher this year.

On the Expenditure side our KidsAssist (education) support program resumed in line with a specific grant from the Waratah Education Foundation. Significant increases in rent and utilities at both Op Shops impacted the profit available to help fund our Emergency Relief efforts. Wages were lowered through a reduction in hours for the part-time staff.

Whilst a loss is not a sustainable result, the Balance Sheet remains very strong.

It is anticipated that 2026/27 will be another difficult year, financially.

Financial Summary

Financial position as at 30th of June 2026

PROFIT AND LOSS STATEMENT

	2025/26	2024/25
REVENUE

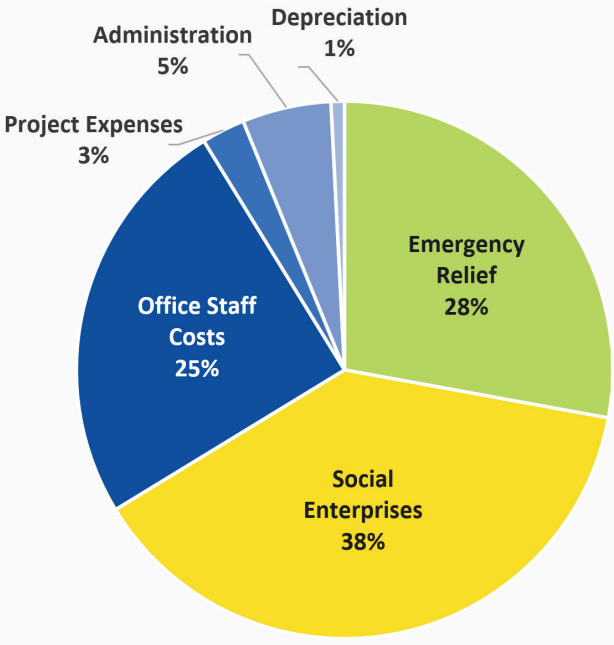
NET ASSETS	**$ 278,782**	**$ 292,755**



Our Programs

Our aim at DVCS is to help anyone who comes to our door, seeking assistance. The nature of the assistance varies from day to day and person to person. The majority of the requests can be capably addressed by our team of receptionists, however, if they need specific hardship support, our community support workers are available to have a chat and identify options where we can provide eligible relief.

Emergency Relief

During 2025/26 our Emergency Relief services included:

- Food vouchers, food parcels, fresh bread, ready-made meals
- Petrol and transport vouchers
- Health care prescriptions
- Mobile phone recharges
- Personal care support
- Clothing and footwear
- Blankets and manchester

In addition to the above we provided 2,209 referrals to organisations who could assist them with fresh meat, fruit and vegetables, housing, legal assistance, financial counselling, family violence, health and other supports.

Advocacy Program

This program aims at spending more time with a client who needs greater support to complete forms, access the internet or other assistance to address a wide variety of issues. It is resourced by our students and volunteers and delivered from the Greensborough office.

Some of the assistance included NDIS, Centrelink, myGov, MyAgedCare, housing and utilities.

KidsAssist - Education Support

Thanks to a generous grant from the Waratah Education Foundation, DVCS was able to reintroduce its Education Assistance Program in 2025/26 after it was paused the previous year due to funding constraints.

The program provides support for school uniforms, camps, excursions and other educational essentials, helping children and young people participate fully in school regardless of their family's financial circumstances.

Gift Appeals

DVCS is proud to be the co-ordinator of two Christmas gift appeals – the Banyule Children's Gift Appeal and the Diamond Valley Gift Appeal. The collective efforts of so many organisations and individuals made the holiday season just that little bit more special for 685 children from 302 families facing financial hardship. This is a percentage increase from last year of 32% in the number of children assisted.

These appeals source community donations including a wide variety of new toys, books, sporting items, swim passes and gift cards.

Our volunteers put a lot of care and thought into the selection of age-appropriate gift packs for each child.

We supported referrals from the following 14 agencies:

- 3081 Angels
- Audrey Brooks Preschool
- BANSIC
- Banyule MCH
- Barrbunin Beek Aboriginal Gathering Place
- DVCS
- Elizabeth Morgan
- Greenhills Neighbourhood House
- Holstep Health
- Joyce Avenue Children's Centre
- Nillumbik MCH
- Olympic Village Preschool
- Olympic Village Exodus Community
- Supported Playgroups

Our Programs - Continued

Tax Help

Our Tax Help team, Garry and Phil, again provided a fantastic service through a mix of online/phone and in person support in the lead up to the 31st October deadline.

This included the ongoing partnership with Rosanna Fire Station Community House to provide outreach to extend the support across Banyule.

The demand demonstrates there is a continuing need in the community for this type of assistance and provides a significant level of support and confidence to members in our community.

Legal Advice

This support is provided in partnership with Tonkin Legal Group and Horsley, Ryan & Associates and is a phone-based service offering free legal advice by a lawyer to local community members who cannot afford one. It can cover a wide range of topics including family law, criminal law, intervention orders, consumer law and neighbourhood disputes.

This year, we were pleased to welcome Georgia Simson from Family Centred Law Victoria to DVCS. Her face-to-face legal advice service provides valuable support to community members with family law issues, including divorce, child custody and family violence.

Student Program

This program continues to grow with the students providing a valuable resource to our emergency relief efforts whilst DVCS provides invaluable practical experience in a varied and complex environment.

13 students completed their placements at DVCS in the 2025/26 financial year, 4 of those were Masters in Social Work students, 8 students were undertaking their Diploma of Community Services and one completed their Diploma of Mental Health.

The feedback from all students was highly complimentary and lauded DVCS as an excellent place for student development due to the direct client facing nature of our service, the width and breadth of issues that are addressed with clients and the support and experience of our volunteer CSW's.

We are thrilled that 3 of this year's students have continued on as regular volunteers. One is working in the Advocacy area and two have taken up CSW shifts. For others we have provided references and support for their job searching efforts.

We look forward to another year of successful student placements. At the time of writing, we are recruiting for February 2027, having filled all of our places up until then.

Completing my student placement was truly a valuable experience that allowed me to gain practical skills and understand the impact of Community Services.

Having the opportunity to engage with clients, understand their individual needs and contribute to providing support helped me build my confidence and apply what I had learned throughout my studies.

I'm grateful for the opportunity to keep learning, contribute to the community and being a part of a team that makes a difference in people's lives.

Yousef - Student

Our Volunteers

DVCS wouldn't exist if it wasn't for the time and efforts provided by our team of volunteers, who every day complete the multitude of tasks required to run such a diverse organisation. This includes the Committee of Management, Community Support Workers, Advocacy, Retail assistants, Receptionists, Data entry, Drivers, Christmas appeal and wrapping helpers, Tax help, Volunteers hub and so much more.

Every year we recognise those volunteers who have achieved milestone years of service and thank them for their time and commitment.

This year, Valerie Spark (Secretary, Receptionist, Admin Support) and Mary Presta (Op shop supervisor) received awards at the JagaJaga Community Volunteer Awards.

Our volunteers and students contributed more than 23,000 hours of service during 2025/26, a commitment we are truly grateful for.

Funding

During 2025/26 DVCS received financial support from a number of government and community agencies. They were critical for our emergency relief and community development programs undertaken during the year. We thank each of them for their contribution to our efforts.

Partners

Banyule City Council

Our longstanding partnership with Banyule City Council provides important support across many areas of DVCS. From operational and project funding to in-kind support for our Greensborough Plaza premises and training opportunities for staff and volunteers, Council's contribution helps strengthen our organisation and the services we provide.

Council also continued its valued support of the Banyule Children's Appeal through financial and in-kind assistance.

We greatly value this ongoing partnership and Council's continued commitment to DVCS and the community we serve.

Community Information and Support Victoria (CISVic) & Commonwealth Department of Social Services

Our partnership with CISVic connects DVCS to a strong network of community support organisations, while providing valuable advocacy, training and resources that strengthen the work we do.

Funding from the Commonwealth Department of Social Services, through CISVic, enables DVCS to provide personalised, face-to-face assistance to people experiencing financial and personal hardship across North-East Banyule and Nillumbik.

Together, this support helps us provide practical assistance and pathways towards greater wellbeing and resilience.

Major Funders

Magistrate's Court of Victoria

The Magistrates' Court of Victoria has been a valued supporter of DVCS for many years, providing funding that strengthens our Emergency Relief program. This support helps us provide practical essentials including toiletries, breakfast packs, food assistance and pharmacy prescriptions to people experiencing hardship.

We sincerely appreciate their ongoing contribution to our work and the community we serve.

Waratah Education Foundation

A grant from the Waratah Education Foundation enabled DVCS to once again provide educational assistance to children and families experiencing financial hardship. Funding was used to support school uniforms, camps and other educational essentials, helping students participate in their learning and school community.

We greatly appreciate the Foundation's ongoing support and the positive impact it has made for local families.

Community Partners

There are many generous organisations that support us in our mission to assist the needs of those in our community who are doing it tough. We cherish our role as a community facilitator and leader through our involvement in local networks, the Christmas gift appeals and with a wide variety of not-for-profit organisations and community groups. These include Rotary, Lions, Churches, schools, kindergartens, childcare centres, sporting clubs just to name a few. A full list of those who assisted us during 2025/26 is on page 15, however we make a special mention of the following:

Diamond Valley Foodshare

This local volunteer-run food relief hub continues to be a critical partner of DVCS. DVCS refers its clients directly to DV Foodshare, who provide perishables (fruit and vegetables) and frozen products that make a real difference.

Alex Makes Meals

On a weekly basis, Alex Makes Meals provides DVCS, and many other organisations, with pre-prepared meals which can be handed out to those struggling to afford a meal. This is another volunteer-lead group making a huge difference in our community.

Greensborough Plaza

Greensborough Plaza is a fantastic supporter of ours, whether organising food and toiletry drives, donating funds from their Santa's breakfast or coordinating and promoting the Christmas gift wrapping service (where all proceeds come to DVCS). We thank Louise and her team for always looking for ways to help us.

Pets of the Homeless

POTH is a charity that helps vulnerable people care for their furry friends by alleviating the burden of providing essential pet care products during times of hardship. They play a vital role for our clients by offering not only physical but also emotional support. DVCS is grateful to receive regular donations of cat and dog food (numerous varieties) throughout the year, as there is always a high demand.

The Queen's Fund

Since 1887 this volunteer run organisation has supported single women and children in Victoria who are in distress, crisis or an emergency situation. Through our advocacy program, we assisted a number of our clients to successfully apply for funds from this generous organisation.

Telstra Bill Assist

Telstra is a long-standing partner who generously provides assistance to those clients having financial difficulties. This can be via a no-cost prepaid mobile top-up or through their Bill Pay Assistance scheme where a tangible benefit can be arranged, depending on their circumstances.

Good360 Australia

Good360 connects businesses with brand new, unsold goods to people in need. During 25/26 they provided a wide range of goods, including swags, mattresses, toys, clothing, toiletries, books, stationery and crockery. All are free, except for the delivery charge.

Our Programs - Continued

Nappy Collective

As a community partner, we receive new and surplus nappies donated through to the Nappy Collective. The demand for nappies is very high among families facing financial hardship, and providing these expensive, essential items is deeply appreciated by our clients.

Share the Dignity

With women making up more than 60% of our client base, access to period products remains an important support. We thank Share the Dignity for helping us provide these essential items to those who need them most.

Carenet

Carenet is the major hub for food rescue and food relief in Melbourne's Northeast and distributes to DVCS and many other organisations. It has established ongoing food sources with food rescue organisations such as Foodbank, along with local supermarkets, bakeries and fruit and vegetable shops. We thank Kellie, Shantel and their team of volunteers for their great work.
